Seller warrants that product conforms to its chemical description and is reasonably fit for the purposes stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop, soil and other conditions may vary, the seller makes no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use of handling whether or not in accordance with directions or suggestions.

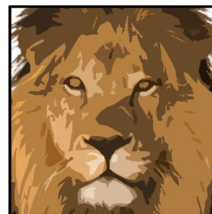

Synergy-Pro Foliar Fertilizer:

- A soluble, amino acid complexed blend of twelve essential plant nutrients. It also includes a complete arsenal of proven technologies that stimulate plant health, growth, and production.
- Includes .25 lbs of phosphorus acid per gallon.
- Is not only the most complete and balanced nutritional package available, it also contains 8 ounces per gallon of Agro-Mos®, by Alltech Crop Science. This special formula utilizes the balanced nutrition in Synergy-Pro Foliar Fertilizer to optimize plant growth and enhance natural systemic disease resistance.
- Suggested uses - vegetable crops, including broccoli, cabbage, tomatoes, pepper, squash, watermelons and other cucurbits, beans, and potatoes.
- Foliar Nutritional Spray - Synergy-Pro Foliar Fertilizer may be applied by air or with all types of ground spraying equipment.
- Compatibility - Synergy-Pro Foliar Fertilizer is compatible with most common foliar pesticides and nutrients. However, **USER ASSUMES FULL RESPONSIBILITY** to ensure compatibility when tank mixing with other products.

Recommended Rates

Vegetable Crops	Rate
For early root development	Mix 2 - 4 qts of Synergy-Pro in 100 gallons of spray solution and spray until runoff.
For sustained growth	Mix 1 - 2 quarts of Synergy-Pro Foliar Fertilizer in 100 gallons of spray solution.
For low volume applications	Apply 1 - 2 quarts per acre. Apply every 5 - 10 days.
Transplant Drench	Mix one quart per 100 gallons of water.

Weight per gallon= 9.8 lbs/gal
